WHY THIS PROGRAMME

- Live cohorts on Zoom — never pre-recorded
- CELTA-qualified native teachers based in the UK
- Communicative method: speaking from day one
- Weekly tutor feedback on writing & speaking tasks
- Designed for adults — practical, work-ready English

BUILT FOR

Adult learners (A1 to B2) building everyday confidence — for travel, study, work, and life abroad. You'll leave a cohort speaking more freely, listening more easily, and writing more clearly. Plain language, lasting progress.

"I came in nervous about emails; I left presenting in English."

— ELENA P. · MADRID

Nº 02 — THE FOUR SKILLS

Speaking, listening, reading, *writing*.

Every lesson moves between all four — never grammar in a vacuum. You'll practise English the way you actually use it, then take it home as written and recorded homework.

SPEAKING

Speak from day one.

Pair work, group discussions, role-plays, and short presentations every session. Your teacher coaches you live — pronunciation, fluency, accuracy.

LISTENING

Train your ear.

British and global accents, live and recorded. From everyday conversations to interviews and news segments — listen, predict, summarise.

READING

Read what real adults read.

Articles, opinion pieces, fiction extracts, emails. We teach skim, scan and inference — practical reading habits, not test tricks.

WRITING

Write to be understood.

Weekly written tasks with written tutor feedback. Emails, summaries, opinion pieces. Tone, register, structure, clarity — in that order.

HOMEWORK

Light, useful homework after every lesson — typically 30–45 minutes. Your tutor reviews and replies the same week with personalised feedback.

Nº 03 — WEEKLY SCHEDULE

Two lessons a week, *same time every week.*

Monday Impact lessons focus on speaking, real-life scenarios and confidence.

Tuesday Core lessons cover grammar, writing and structured progression. Both run live on Zoom, 18:00–20:00 London time.

DAY	LESSON	TIME (LONDON)	FOCUS
Monday	Impact English	18:00 – 20:00	Speaking · fluency · real-world tasks
Tuesday	Core English	18:00 – 20:00	Grammar · writing · vocabulary

OPTION A — INTENSIVE

12-week cohort

48 hours of live teaching across 12 weeks. Best for learners with a clear target — a job, a move, an exam.

OPTION B — EXTENDED

24-week cohort

96 hours across 24 weeks. Gentler pace, more practice, deeper progression — ideal alongside full-time work.

Cohorts begin on the first Monday of each month. New start dates published quarterly at kensingtonenglish.co.uk/courses.

Nº 04 — METHOD & TEACHERS

Come meet *the classroom.*

Communicative teaching is older than most language schools. Done well, it's still the fastest route to confident English.

Our teachers don't lecture from slides. They coach. Every lesson is built around discussion, feedback, and a small task you'll actually want to do — describe a meeting, plan a trip, settle a disagreement, present an idea.

We hire only CELTA / DELTA / TESOL-qualified native English speakers, mostly based in London. They've taught adults in language schools, universities and companies — and they care about the difference between knowing English and using it.

YOUR LONDON-BASED TEACHING TEAM

CELTA Cambridge CELTA-qualified — the standard for English language teaching to adults.

DELTA / TESOL Senior tutors hold Cambridge DELTA or TESOL diplomas with classroom experience in UK universities and language schools.

Native UK All teachers are native English speakers, mostly based in London. DBS-checked and reference-verified.

Cohort coach You stay with one tutor through the cohort — they know your goals, your sticking points, and your progress week by week.

Meet your specific teacher on the welcome call before your first lesson.
